

Australian Stock Saddle Sizing

Australian saddles are measured differently to Western or English saddles. Below is a guide to the size you will need in an Australian saddle, however we still require your height, weight and pant size to correctly determine the exact size you will need for a particular saddle.

Western Size	14"	15"	16"	17"	18"
English Size	17"	18"	19"	20"	21"
Aussie Size	16"	17"	18"	19"	20"

- (a) length of seat (seat size).
- (b) dip in seat.
- (c) height of kneepad.
- (d) height of thigh pad.
- (e) length of flap.
